The purpose of this webinar is to raise maritime stakeholders' awareness of microplastics pollution from ports and shipping activities. The webinar will consist of presentations by the project team followed by a Q&A session. The project team includes researchers from the Australian Maritime College, Institute of Marine and Antarctic Studies, Bombay College of Pharmacy and the University of Mumbai. The webinar coincides with the release of a *White Paper* on microplastics pollution from ports and shipping activities. Further details about the *White Paper* including how to access it, will be provided at the webinar.
